Travel Light & Stylish

Comparable to the weight of your average canned drink, this lightweight and compact camera slips easily into your bag when you travel.

Match your outfit to your camera by adding on a stylish face jacket from our range of 5 unique designs. Now that's what we call a cool #OOTD.
Face jacket designs vary by country and region. Sold separately.

Sharing Is Quick & Easy

Wi-Fi Bluetooth®

Just like having a personal assistant, you can now automatically transfer photos and videos to your smart device via Wi-Fi with the Canon Camera Connect App. Bluetooth pairing lets you playback on your smart device without even taking the camera out of your bag!

Expand Your Creativity With EF-M Lenses

Discover new shooting perspectives with our range of EF-M lenses for the Canon EOS M200. From macro to wide-angle or even telephoto, you can now see things differently when you snap on these compatible EF-M lenses on your Canon EOS M200. Explore even more creative possibilities with the optional Mount Adapter EF-EOS M to use your EOS M200 with more than 70 EF and EF-S lenses.

CMOS

Eye Detection AF

Just like a reliable director, the powerful Dual Pixel CMOS AF technology offers autofocusing (AF) with absolute precision, letting you capture fleeting moments clearly in both still and video mode*.

Its Eye Detection AF function makes focusing on the face and eyes easier, giving you crystal clear portraits in every click.

*Switches to contrast AF for 4K & 4K time-lapse movies.

Look Fabulous In Every Selfie

Tilt-up LCD 180°

Self Portrait

The new touchscreen tilt display lets you take selfies and wefies fuss-free in just one touch on Self Portrait Mode.

Canon's unique colour science gives you beautiful photos with rich pleasing colours and natural skin tones.

Smooth Skin
You no longer need a make-up artist on set when you can look just as flawless with our unique Smooth Skin Effect function.

Get Creative With Your Snaps In One Touch

Creative Assist

Creative Assist empowers you to snap creatively. With this, you can adjust the lighting, colour and background blur and save them all in real time, just like having your very own lighting specialist!

You can also use Creative Filters just like any smartphone to get high-quality visual effects like fish-eye, miniature and more.

High Quality Photos & Videos

24.1 MEGA PIXELS CMOS

DiG!C 8

ISO 25600 12800

Loaded with a 24.1-megapixel APS-C sized CMOS sensor and a DIGIC 8 image processor, you can now capture your shots of travel landscapes, food, friends and even your pets in greater detail.

With a wide ISO range (100-25600, expandable to 51200 equivalent), you can now achieve brilliance in every snap, even if it's in the dark. You can also enjoy clearer images with less noise at night.

Vertical Video

Record vertical videos easily by flipping your camera vertically. Your videos will play vertically in your smart device, so you no longer need a 3rd party app to rotate your video!

Beautiful Movies in 4k
Shoot movies in 4K quality at 24p/25p for extra clarity and rich details.

3 - 2 - 1! Action!

EOS Movie 4K+FULL HD

Shoot When You're Ready With Movie Self-Timer

When you're on your own, you need your camera to call 'action'! Set the movie self-timer so you can give yourself enough time to get ready before you start shooting.
